NEW YORK STATE | **Division of Criminal Justice Services**

Quarterly Activity Report

County Re-entry Task Forces (CRTF)

July 2015 – September 2015

Data as of October 2015

Issued January 2016

Table of Contents

Background

The NYS Division of Criminal Justice Services (DCJS) provides important feedback to funded programs through this Quarterly Activity Report. The report presents the number of participants admitted each quarter, as well as a year-to-date total. The report also presents program reported 45 days post-admission each quarter, as well as a year-to-date. The report includes information on participant characteristics, such as age, race/ethnicity, criminal history, and current criminal charges, for County Re-entry Task Forces (CRTFs) funded by DCJS. Details are provided on admissions and 45 days post-admission status for CRTFs since July 1, 2015.

The information presented in this report reflects data provided by the CRTFs as of October 30, 2015. Updated information provided by the CRTFs will be included in future reports. The annual report will present final counts of CRTF admissions and 45 days post-admission status.

Report Tables

The Quarterly Activity Report presents the tables listed below. A detailed description of each table, including how cases were counted, can be found in Appendix A. A description of the process used to match cases to criminal history information can be found in Appendix B.

- Table 1 – Program Admissions, by Program
- Table 2 – Participant Characteristics, by Program
- Table 3 – 45 Day CRTF Program Status, by Program
- Table 4 – CBI Enrollments and Discharges, by Program

Table 1. Program Admissions, by Program

	Jul 2015 - Sep 2015	Cumulative to Date Jul 2015 - Sep 2015		
	Total Admissions[1]	Total Admissions[1]	Total Participants Admitted[2]	Quarters Reported
Albany County CRTF	63	63	63	1
Bronx County CRTF	44	44	44	1
Broome County CRTF	40	40	40	1
Dutchess County CRTF	50	50	50	1
Erie County CRTF	112	112	112	1
Kings County CRTF	55	55	55	1
Manhattan County CRTF	66	66	66	1
Monroe County CRTF	178	178	177	1
Nassau County CRTF	54	54	54	1
Niagara County CRTF	30	30	30	1
Oneida County CRTF	50	50	50	1
Onondaga County CRTF	104	104	102	1
Orange County CRTF	65	65	65	1
Rensselaer County CRTF	24	24	24	1
Rockland County CRTF	22	22	22	1
Schenectady County CRTF	36	36	36	1
Suffolk County CRTF	100	100	100	1
Ulster County CRTF	35	35	35	1
Westchester County CRTF	49	49	49	1
Total	1,177	1,177	1,174	1

1 Counts all admissions within a quarter
2 Counts the first admission only, if a participant had multiple admissions within a quarter

Table 2. Participant Characteristics, by Program

1 Counts all enrollments within a quarter

2 Counts total successful completions out of total CBI discharges

Appendix A. Detailed Description of Tables

Table 1 presents admissions to each of the CRTFs for the most recent quarter and the contract year-to-date. Table 1 includes all admissions since July 1, 2015. If a participant was admitted more than once, all admissions to the program are counted. The admissions are then summed to produce a cumulative number of admissions reported during the contract period. The number of participants admitted each quarter is presented in the third column. The number of participants will differ from total admissions if a participant had multiple admissions to a single program. The Total Participants Admitted provides a measure of the number of people being served by the program. Number of Quarters Reported shows how many quarters of data were provided by the programs.

Table 2 presents more detailed information on the participants' characteristics for each admission during the reporting period and cumulative through the contract year. Information is provided separately for each program. Characteristics include sex, age at admission, race/ethnicity, DOCCS supervision level, and special population type. Counts, percentages, and program totals are presented. Legal history includes the total number of arrests that appear in the participants' criminal history record, number of prior felony arrests, number of prior felony convictions, number misdemeanor convictions, and characteristics of the placement offense. Violent Felony includes all violent felony offenses and VFO-like offenses (see PL 70.02); Drug Offense includes all PL 220 and PL 221 offenses that are not otherwise VFOs; DWI includes VTL 1192, 511.00; Property includes non-VFO property offenses (e.g., petit larceny); and Other Offenses includes all other PL and VTL offenses not otherwise categorized. The percentages for Felony Total and Misdemeanor Total are presented. The percentages for Felony Total and Misdemeanor Total sum to 100%. Total percent may not sum to 100% if placement offense information is missing. Participants' with missing or invalid NYSIDs are not included in the table.

Table 3 presents detailed information about program engagement at 45 days post-admission, including indicators for Housing, Employment, and CBI. Table 3 also includes official counts of the number and percent of participants rearrested between program intake and the 45 day retention date. Counts are based on official criminal history information. Counts are provided for participants with any in-program rearrest, and participants with a rearrest for a felony level offense. The average number of days from admission to the first in-program arrest is also presented. Arrests for participants' who are not engaged at 45 days are included in the counts.

Table 4 Table 4 presents enrollments in and discharges from CBI or RSW! services for the most recent quarter and the contract year-to-date. Total CBI Enrollments are presented first, and Total CBI Discharges are presented in the next column. The final column reports the number of CBI discharges that were successful completions.

Appendix B. Matching Admissions to CCH

The Computerized Criminal History (CCH) database includes all fingerprintable arrests reported to DCJS, as well as information about case dispositions. CCH data provide a complete history of an arrestee's known criminal activity.[1] OJRP developed the following rules to match admissions to CCH data. After extensive analyses, these rules were determined to provide the best matches to arrests in CCH for the programs funded by DCJS.

Matching Rules

1. Files were first matched on NYSID and DIN, as provided by the programs.
2. If there was not an exact match on NYSID and DIN, cases were matched to the last DOCCS release before program admission.
3. If the NYSID was not provided or did not match to CCH, the admission was excluded from further analysis.

The detailed admission tables included in this report present information on only those admissions that were matched to CCH (97% of reported cases). Of the 40 cases not matched to CCH, 30 had invalid NYSIDs, 4 had missing NYSIDS, and 6 did not have a DOCCS release date prior to admission date reported.

The matching results are summarized below.

Matching CRTF Admissions to CCH

Matching Process	Number	Percent
Total Number of Reported Cases	1,177	100%
Match by NYSID and DIN	1,121	95%
Match by NYSID and last DOCCS Release before Admission	16	2%
Total Matched to CCH	1,137	97%
Total Not Matched to CCH	40	3%

---

[1] Arrests in CCH are organized by NYSID, which is assigned when an arrestee is fingerprinted. If the case is disposed in favor of the defendant, and the defendant has no prior convictions, the fingerprints are destroyed and the NYSID is no longer assigned to that defendant. If the defendant is re-arrested, a new NYSID is assigned. Because CCH is organized by NYSID, the initial arrest, stored under a different NYSID, is not included in the defendant's arrest history, and would not be reflected in Table 3.
