

This is a list of law enforcement agencies that have unmanned aerial vehicles (UAVs/drones) that can be utilized for a missing person search. If you do not see your county listed, it is because law enforcement agencies in that county either do not have a UAV program, can not assist another agency with UAV search or did not respond to the survey.

If you are having difficulty contacting a listed agency, call the NYS Missing Persons Clearinghouse at 800-346-3543 for further assistance.
