Criminal Justice Case Processing: New York State Report

Report Overview

This report details how felony cases are processed in New York State's superior courts (Criminal Procedure Law 10.10 and 10.20) and its publication fulfills the statutory reporting requirements outlined in Section 837-a of Executive Law requiring the Division of Criminal Justice Services (DCJS) to collect and analyze statistical information on felony indictments, superior court informations (SCI) and the dispositions of felony cases.

Information about the processing of these felony cases is presented for New York State and its two regions: New York City and the Rest of State (the 57 counties outside of the five boroughs). Arrest and arraignment statistics also are included for the entire state and each region. Individual county-specific reports are provided to each District Attorney's office, the New York City Office of the Special Narcotics Prosecutor (OSNP), and the Office of the Attorney General, and are available to the public upon request.

The data included in this report is derived from New York State's criminal history records database, which is maintained by DCJS and is known as the Computerized Criminal History (CCH) system. CCH includes information about adult arrests for offenses that require fingerprints to be taken (Criminal Procedure Law 160.10). Arrests and arraignments for misdemeanors committed by 16 year olds on or after October 1, 2018, or by 17 year olds on or after October 1, 2019, are not included due to Raise the Age Legislation. Arrest information is submitted to DCJS by police agencies as part of the fingerprint transaction and disposition information is electronically transmitted to DCJS by the Office of Court Administration.

Data Tables Overview

Tables 1 through 4 summarize arrests for offenses requiring fingerprints to be taken. Arrests - not individuals - are being counted: If an individual is arrested multiple times during the year shown, each arrest is counted separately. Arrests are included in the county/region where the arrest took place. If a police agency makes an arrest outside of its county, that arrest is included in the statistics for the county where the arrest occurred. Arrest charges are categorized by the most serious charge reported at the time of arrest. For example, if an individual is charged with a felony and a misdemeanor, that arrest is categorized as a felony.

Table 5 shows the number of arraignments in local criminal courts in New York City, and in district, city, town, or village courts outside of New York City (Criminal Procedure Law 10.10 and 10.30). The unit of count is persons-arraigned. If an individual is arraigned on more than one charge in a court case, the most serious charge is shown in the table. If an individual is arraigned in more than one local criminal court case, each arraignment is counted separately.

Tables 6 through 16 summarize activity in superior courts including the number of felony indictments and SCIs; processing times for those cases; dispositions of felony indictments/SCIs, and sentences for felony convictions. When more than one defendant is charged in one indictment or SCI, each defendant is counted separately. If one defendant is charged in multiple indictments or SCIs, each indictment or SCI is counted separately. More than one indictment or SCI can result from a single arrest and multiple arrests can be combined into one indictment or SCI. If an indictment or SCI is superseded by another, both are counted.

Charges listed in tables 6 through 16 are categorized by the most serious charge included in the indictment/SCI or conviction/adjudication. For example, if a defendant is charged in an indictment - or is convicted of - third-degree criminal possession of a controlled substance (a Class B felony) and third-degree criminal possession of stolen property (a Class D felony), the case would be categorized in the tables as a Class B drug felony.

Tables 7 and 8 summarize processing times for cases arraigned and disposed in superior court. There are several factors that can contribute to variation in processing times, including participation by the defendant in a community-based program as an alternative to incarceration; placement on interim supervision; the failure of a defendant to appear at scheduled court appearances; the seriousness or complexity of the case; and prosecutorial, defense and court caseloads.

Case processing times are shown for arrest to Superior Court arraignment (Table 7) and from arraignment to disposition (Table 8). The unit of measurement for these tables is median number of days. Median is the middle score for a set of numbers arranged from smallest to largest. For example, Table 8 shows the median days from arraignment in superior court to final disposition for felony indictments/SCIs. If the median number of days between arraignment and final disposition is 130 days, this indicates half (50%) of cases disposed were disposed within 130 days and half (50%) of cases were disposed after 130 days. Using the median, instead of the average number of days, mitigates the impact of cases that may take an unusually long time to process (outliers).

Table 9 summarizes dispositions of felony indictments/SCIs disposed during the year shown.

Table 10 compares the top arraignment charge in superior court to top conviction charge for cases resulting in convictions during the year shown.

Tables 11 and 12 summarize trial versus plea bargain activity and the outcomes of cases that went to trial. Included are cases that were sentenced or acquitted during the year shown.

Note: Cases where the defendant has been convicted but not yet sentenced are not included in Tables 9 through 12.

Tables 13 through 16 summarize sentences for felony convictions and youthful offender adjudications (Criminal Procedure Law Article 720). Table 13 shows sentences by prior felony conviction, which is based on New York State criminal history information and does not include out of state convictions. Table 13 also does not indicate under which provision of law a sentence was imposed, including provisions of law that require a mandatory prison sentence.

Source: DCJS, Felony Processing File (as of 10/16/2020).

Notes: DCJS data do not indicate which provision of sentencing law a sentence is made under, including those that require a mandatory prison sentence.

Prior felony convictions include only those that occurred in NYS.

The "Other" category includes conviction charges not identified as a Class A, VFO, Drug, or VTL offense.
