New York State Gun Involved Violence Elimination (GIVE) Initiative Crime, Arrest, and Firearm Activity Report

The GIVE initiative targets 20 police departments in 17 counties Upstate and on Long Island that report 83 percent of violent crime outside of New York City. This report contains the following statistics reported by those police departments: Index Crimes, Firearm-Related Violent Crimes, Shooting Incidents, Domestic Violence-Related Activity, and Total Arrests.

The report also includes Index Crime statistic totals for 17 GIVE counties compared to Index Crime statistic totals for the 40 other counties outside of New York City as well as 10-year trends for:

- Statewide and Regional (New York City counties vs. Non-NYC counties) Index Crimes
- Firearm-Related Violent Crimes outside of New York City
- Statewide and Regional Arrests
- Index Crime Counts and Rates for communities served by each of the 20 GIVE agencies

Reporting Changes to the Index Crime of Rape (*effective March 2016*)

Beginning in 2015, police agencies began reporting rape statistics under the [FBI's expanded definition of the crime](#). The FBI implemented this change to more accurately reflect the scope and volume of sexual assaults nationwide and in New York State.

This change affects this report in several ways:

- Beginning in 2015, rape statistics contained on the Index Crime pages should not be compared to rape statistics from 2014 or earlier, as those incidents were reported under the original definition of the crime.
- The Index Crime Statistics Total and Violent Crime Statistics Total beginning in 2015 include rape statistics reported under the expanded definition of the crime. As a result, caution should be used when citing or interpreting percentage changes for those two categories comparing data between 2015 and any subsequent year, to statistics from 2014 or earlier. Increases in those totals may be attributable in part to the expanded definition of rape.
- In addition, five-year averages for Rape Statistics will not be calculated until DCJS has five years' worth of rape statistics reported under the expanded definition.

Please note that statistics for reported rapes involving a firearm are not affected by this change. As a result, the firearm-related rape statistic appearing on report pages titled Violent Crimes by Firearm (pages numbered 01) represent **only** the following Penal Law crimes committed with a firearm: first-degree rape; second-degree rape, subsection 2 only; and third-degree rape, subsections 1 and 3 only.

**For a breakdown of offenses historically reported as rape as compared to those offenses now defined as rape, please see pages 2300-2301.

Firearm Activity Data Definitions

Shooting Incidents Involving Injury or Death – Number of shooting incidents during the month where one or more persons were injured or killed as a result of the shooting. Data is reported each month by GIVE jurisdictions.

Shooting Victims (Persons Hit) – Total number of victims shot in the shooting incidents reported, including individuals killed. Data is reported each month by GIVE jurisdictions.

Individuals Killed by Gun Violence – The number of murders resulting from firearm related injuries.

Domestic Violence Victim Definitions

DCJS collects information on victims of domestic violence reported through the Uniform Crime Reporting (UCR) program. Domestic violence victims are identified by their relationship to the offender and are categorized as:

Intimate Partner (Female/Male) – Includes spouse, ex-spouse, and those in an intimate relationship (including dating or formerly dating relationships, whether or not the intimate partners had ever lived together).

Other Family – Includes sibling, child, grandparent, grandchild, in-law, stepparent, stepsibling, and other blood and in-law relationships.

Arrest Data Definitions

DCJS maintains information on adult arrests and dispositions from the Computerized Criminal History System (CCH). CCH data is based on arrest fingerprint cards submitted to DCJS by law enforcement agencies in accordance with Section 160.20 of the Criminal Procedure Law. Fingerprints are submitted through either an automated system or by mailing in fingerprint cards.

Felony and Misdemeanor Arrests within Jurisdiction - The number of arrests reported on CCH for the reporting month or year within the GIVE jurisdiction.

Parolee Arrests within Jurisdiction - The number of arrests of parolees reported on CCH for the reporting month or year within the GIVE jurisdiction (May include multiple arrests for the same parolee during the reporting month or year). These counts are also included in the above felony and misdemeanor totals.

Probationer Arrests within Jurisdiction - The number of arrests of probationers reported on CCH for the reporting month or year within the GIVE jurisdiction (May include multiple arrests for the same probationers during the reporting month or year). These counts are also included in the above felony and misdemeanor totals.

Note: The new Penal Law charges of Strangulation 1st (PL 121.13) and 2nd (PL 121.12), which were enacted in November 2010, are classified as aggravated assaults for crime reporting purposes. Prior to enactment, a significant number of incidents now classified as Strangulation 2nd (PL 121.12) would have been classified within the UCR as simple assaults. The New York City Police Department estimates that 60% of the City's overall increase in aggravated assault in 2011 is due to this change in classification.
