Council Members Present
Ronald Spike, Chairman, Sheriff, Yates County Sheriff’s Office
R. Bruce McBride, Commissioner (Ret.), State University of New York Police
Timothy Parisi, Chief, Ilion Police Department, representing
New York State Association of Chiefs of Police
Kenneth Corey, Chief of Training, New York City Police Department

DCJS Staff Present
Rossana Rosado, Acting Commissioner, Division of Criminal Justice Services
Joseph Popcun, Executive Deputy Commissioner, Division of Criminal Justice Services
Mark White, Executive Deputy Commissioner, Division of Criminal Justice Services
Natasha Harvin-Locklear, Associate Counsel, Office of Legal Services
Colleen Glavin, Deputy Commissioner, Office of Legal Services
Brian Garvey, Associate Counsel, Office of Legal Services

OPS Staff Present
Michael Wood, Deputy Commissioner
Johanna Sullivan, Director, Office of Public Safety
Joshua Vinehout, Supervisor, Public Safety Programs
Todd Murray, Supervisor, Public Safety Programs
Scott Neff, Associate Training Technician (Police)
David Mahany, Associate Training Technician (Police)
Molly Bates, Associate Training Technician (Police)
Gabe Marruso, Criminal Justice Program Specialist 2
Kevin Fairchild, Criminal Justice Program Specialist 1
Jessica Beshara, Criminal Justice Program Specialist 1
Sara Dean, Criminal Justice Program Specialist 2
Molly Snyder, Criminal Justice Program Specialist 1
Michael Puckett, Senior Training Technician (Police)
Alison Floyd, Criminal Justice Program Specialist 1

Guests
Mary Clark, Deputy Superintendent, New York State Police
Robert Gregory, Assistant Deputy Superintendent, New York State Police
Thomas Mitchell, Counsel, New York State Sheriffs Association
ACTION/APPROVAL ITEMS

#1 - Introductory Remarks – Approval of 255th Meeting Minutes – Adoption of Agenda

The 256th session of the Municipal Police Training Council (MPTC or Council) commenced at 10:00 a.m. with Chairman Spike leading all attendees in the Pledge of Allegiance, followed by a moment of silence for those who have perished in the line of duty. Chairman Spike noted that the future composition of the Council has been amended per Executive Law and going forward will include 10 Council members instead of 8. Chairman Spike also announced that Superintendent Bruen of the New York State Police and Chief Kenneth Corey of the New York City Police Department have officially been appointed to the Council. Following Chairman Spike’s remarks, recently appointed Acting Commissioner Rossana Rosado, of the Division of Criminal Justice Services, introduced herself to the Council members and guests.

Chairman Spike made a motion to adopt the 256th meeting agenda, with a second by Chief Parisi; the motion was passed by unanimous vote. Commissioner McBride made a motion to approve the 255th meeting minutes as submitted with a second by Chief Parisi. The motion was passed by unanimous vote.

#2 – Adoption of 2022 Meeting Dates

Chairman Spike presented the following 2022 Council meeting dates as March 9, June 1, September 7, and December 7.

Chairman Spike made the motion to adopt the meeting dates with a second by Commissioner McBride. The motion was passed by unanimous vote.

#3 – NYPD Basic Course for Police Officer Exemption Request

Joshua Vinehout of the Office of Public Safety presented to the Council, on behalf of the New York City Police Department, exemption requests from certain sections of the Basic Course for Police Officers (BCPO). Mr. Vinehout informed the Council that Executive Law 840(h), which previously provided full exemption for the NYPD from the BCPO, was repealed. Accordingly, the NYPD is required to meet the minimum standards of the BCPO effective October 16, 2021. At the Council meeting in September 2021, NYPD requested exemptions from several sections of the BCPO.

Mr. Vinehout stated that, after review and analysis, exemptions are requested for the following sections:

- Part 7, Section F - Basic Crash Management and Reporting
- Part 4, Section R – Recognizing the Cannabis Impaired Motorist
- Part 4, Section Q – DWI Detection and Standardized Field Sobriety Testing
- Part 4, Section K – Emergency Medical Services
- Part 6, Section B – Behavioral Observation and Suspicious Activity Recognition; and
- Part 2, Section D – Physical Fitness and Wellness (Exit standard only)

Mr. Vinehout explained that the NYPD has the ability to establish specialized units to perform certain duties, such as crash management and DWI detection. He also noted that NYPD was fully exempt from the BCPO during recent course updates not necessitating the need to provide input during the process. Moving forward, DCJS will collaborate with NYPD to update future courses now that NYPD is no longer exempt from the BCPO. Mr. Vinehout informed the Council
that any sworn officer transferring from the NYPD to another agency will need to complete a
conversion course which will include the exempt sections, within one year of transfer. This
caveat is required under General Municipal Law §209-q.

Mr. Vinehout noted that a partial exemption (exit standard only) is being requested for Part 2,
Section D – Physical Fitness and Wellness, as opposed to a full exemption. Mr. Vinehout stated
that the physical fitness exit standard for the NYPD differs from the Cooper Standard, which is
instituted by other police academies statewide. The MPTC requires performance at the Cooper
50th percentile. Mr. Vinehout informed the Council that the NYPD physical fitness standard has
been validated and is found to be consistent with federal law and the American Disabilities Act.
Accordingly, DCJS proposes amendment of the physical fitness exit standard to require either
performance at the 50th percentile, or to meet a physical ability standard that has been properly
validated as a reliable predictor of a recruit’s ability to perform the physical tasks of a police
officer. The Council asked who conducts the validation study, to which Mr. Vinehout responded
it would most likely be a consulting agency performing the study to validate the method for
testing the physical ability of recruit as a reliable predictor to perform the physical job tasks of a
police officer.

**Motion One:** The NYPD must complete the Basic Course for Police Officers prescribed by the
Council. Still meeting the minimum standards of training prescribed by the Council, exempt
NYPD from the requirements of Part 7, Section F - Basic Crash Management and Reporting for
Basic Course for Police Officer beginning on or after October 16, 2021. The exemption will need
to be reviewed if there are any future changes to MPTC requirements or NYPD course content
related to this section.

**Motion Two:** The NYPD must complete the Basic Course for Police Officers prescribed by the
Council. Still meeting the minimum standards of training prescribed by the Council, exempt
NYPD from the requirements of Part 4, Section R - Recognizing the Cannabis Impaired Motorist
for Basic Course for Police Officer beginning on or after October 16, 2021. The exemption will
need to be reviewed if there are any future changes to MPTC requirements or NYPD course content
related to this section will need to be reviewed for continued exemption approval.

**Motion Three:** The NYPD must complete the Basic Course for Police Officers prescribed by the
Council. Still meeting the minimum standards of training prescribed by the Council, exempt
NYPD from the requirements of Part 4, Section Q - DWI Detection and Standardized Field
Sobriety Testing for Basic Course for Police Officers beginning on or after October 16, 2021. The exemption will need to be reviewed if there are any future changes to MPTC requirements or NYPD course content related to this section will need to be reviewed for continued exemption approval.

**Motion Four:** The NYPD must complete the Basic Course for Police Officers prescribed by the
Council. Still meeting the minimum standards of training prescribed by the Council, exempt
NYPD from the requirements of Part 4, Section K - Emergency Medical Services provided that
Basic Life Support training is instructed in compliance with statutory requirements (Brianna’s
Law) and basic first aid training is instructed. This exemption applies to Basic Course for Police
Officers beginning on or after October 16, 2021. The exemption will need to be reviewed if there
are any future changes to MPTC requirements or NYPD course content related to this section
will need to be reviewed for continued exemption approval.

**Motion Five:** The NYPD must complete the Basic Course for Police Officers prescribed by the
Council. Still meeting the minimum standards of training prescribed by the Council, exempt
NYPD from the requirements of Part 6, Section B - Behavioral Observation and Suspicious
Activity Recognition for Basic Course for Police Officers beginning on or after October 16, 2021. The exemption will need to be reviewed if there are any future changes to MPTC requirements or NYPD course content related to this section will need to be reviewed for continued exemption approval.

**Motion Six:** Amend Part 2, Section D – Physical Fitness and Wellness to read: Perform at the 50th percentile in the areas of muscular endurance and cardiovascular capacity or meet a physical fitness standard that has been properly validated demonstrating job relatedness to the physical tasks necessary to be performed by a police officer. This instructional objective applies to the Basic Course for Police Officers or equivalency beginning on or after October 16, 2021.

**Motion Seven:** Approve the course topics, hours and learning objectives consistent with the MPTC Basic Course for Police Officers as the minimum standard of instruction for the MPTC NYPD Basic Conversion Course.

**Motion Eight:** Require any sworn police officer who completed a Basic Course for Police Officers (NYPD) and transfers to or is employed by a police agency other than NYPD to complete the MPTC NYPD Basic Conversion Course as required by General Municipal Law §209-q.

Sheriff Spike made a motion to approve the exemption request, with a second by Commissioner McBride. The motion was passed by unanimous vote.

**#4 – Instructor Development Course Updates**

Michael Puckett of the Office of Public Safety presented to the Council updates to the Instructor Development Course, a two-week foundational course which prepares new instructors to teach police professionals. Mr. Puckett stated that after consulting with a behavioral analyst and other subject matter experts, OPS staff conducted a review of the course and drew the conclusion that the course could benefit from incorporating online learning components and additional training in “hard skills”. Mr. Puckett informed the Council that clarifying examples were added to the content and to reduce confusion among students. Updates to the record-keeping requirement were added as well. The Council asked if there is a recertification requirement for this course, to which OPS staff responded that the previous 5-year requirement is no longer utilized.

**Motion:** Approve the amendments to the learning objectives as the minimum standard of instruction for the Instructor Development Course.

Chief Parisi made a motion to approve the exemption request, with a second by Commissioner McBride. The motion was passed by unanimous vote.

**#5 – BCPO Opioid Antagonist Update**

Joshua Vinehout of the Office of Public Safety informed the Council that Chapter 431, Laws of 2021, a bill signed by the Governor on October 7, 2021, has resulted in amendments to Criminal Procedure Law §60.49. This amendment adds language which prohibits introduction of an opioid antagonist as probable cause for an arrest for possession of a controlled substance. Additionally, Mr. Vinehout stated that subdivision 7-b was added to section 841 of the executive law requiring police and peace officers receive training on this new amendment. The bill is effective on December 6, 2021.
To be consistent with the changes to law, Mr. Vinehout informed the Council that two new learning objectives will be added to Section 3, Part C – Criminal Procedure Law of the Basic Course for Police Officers. The objectives will read as follows:

1) Define an opioid antagonist.
2) Explain Criminal Procedural Law §60.49 as it relates to possession of opioid antagonists.

Next, Mr. Vinehout stated that another bill was signed by the Governor, also on October 7, 2021 repealing penal law 220.45, criminal possession of a hypodermic instrument. The bill also amended penal law 220.03 which decriminalizes possession of a hypodermic instrument. Mr. Vinehout explained that instructional content was added to Part 3, Section F – Ancillary Statutes in the Basic Course for Police Officers to reflect these updates to the law.

Motion One: Approve the addition of two new opioid antagonist learning objectives to Part 3, Section C – Criminal Procedural Law as the minimum standard of instruction in the Basic Course for Police Officers or equivalent, Basic Course for Peace Officers, Campus Public Safety Officer Course and Specialized Investigator Course.

Motion Two: Require all employers and academies conducting the Basic Course for Police Officers or equivalent, Basic Course for Peace Officers, Campus Public Safety Officer Course and Specialized Investigator Course to begin utilizing the newly approved Part 3, Section C – Criminal Procedural Law curriculum for courses beginning on or after January 1, 2022.

Motion Three: Approve the updates made to the syringe access laws learning objective of Part 3, Section F – Ancillary Statutes as the minimum standard of instruction in the Basic Course for Police Officers or equivalent, Campus Public Safety Officer Course, and Specialized Investigator Course.

Motion Four: Require all employers and academies conducting the Basic Course for Police Officers or equivalent, Campus Public Safety Officer Course, and Specialized Investigator Course to begin utilizing the newly approved Part 3, Section F – Ancillary Statutes curriculum for courses beginning on or after January 1, 2022.

Commissioner McBride made a motion to approve the exemption request, with a second by Chief Corey. The motion was passed by unanimous vote.

INFORMATIONAL/UPDATE ITEMS

#1- Defensive Tactics Training Update

Josh Vinehout of the Office of Public Safety presented anticipated updates to the Defensive Tactics training course, which was rewritten and approved by the Council in 2018. Mr. Vinehout stated that since that time, DCJS has trained over 420 officers from the MPTC Instructor School. Mr. Vinehout also stated that DCJS will continue to offer DT trainings to meet the high demand.

To that end, Mr. Vinehout stated that OPS staff is evaluating the course to cover the use of post custody tactics, to be presented as a new block of training. Working with subject matter experts to determine course content, the new block will address topics such as subjects who continue resisting after being handcuffed by officers, medical events when restraining a subject, and
ways to secure a subject safely. Mr. Vinehout informed the Council that OPS staff plan to present this new block of instruction at the March 2022 meeting.

#2 - BCPO Firearms Training Update

Michael Puckett of the Office of Public Safety provided the Council with updates on the development of the Basic Course for Police Officers Firearms section. OPS staff are working with a panel of subject matter experts to evaluate and develop new course content, with a plan to pilot the new course in spring 2022. Mr. Puckett stated that visual aids have been developed to assist instructors and ensure consistency statewide. Additionally, Mr. Puckett informed the Council that a 3-day workshop was recently conducted in collaboration with 10 BCPO instructors, all of whom rated the workshop excellent and necessary to the course. The design of the program will focus on conclusions drawn from the neuroscience of the brain and how information is converted from short term to long term memory.

New Business

Chairman Spike presented new business in the form of legislation under Section 137, Chapter 43, Article 6 of Corrections Law, also known as the HALT Act. The Act requires all hearing officers in each county jail in New York State to receive a minimum of 37 hours of training on topics such as restorative justice, special housing units and trauma-informed training. Chairman Spike advised the Council that the legislation is effective March 31, 2022 but does not specify the regulatory body responsible for providing training. Thomas Mitchell, Counsel for the New York State Sheriffs Association, added the legislation requires all officers assigned to special housing to also receive training, though the number of hours was not defined. Furthermore, officers assigned to special housing will be required to attend annual training. The Council agreed that the Sheriffs Association and the Department of Corrections and Community Supervision would be considered the subject matter experts in this case, with support from DCJS as needed.

There being no further business, the 255th session of the Municipal Police Training Council came to a close at 11:33 a.m. with a motion to adjourn by Sheriff Spike and a second by Commissioner McBride. The motion was unanimously approved.

NEXT MEETING:
March 9, 2022 at 10:00 a.m.
Action Item #2

Fundamentals of Probation Practice Exemption Reconsideration

The Office of Probation and Correctional Alternatives will advise the Council an exemption will no longer be further requested from the Basic Course for Peace Officers. In 2011, it was determined the Fundamentals of Probation Practice course exceeded the topics and hour requirements of the minimum standards established for all peace officers. It was further determined by the Council that supplanting the probation officer current training program with the MPTC prescribed Basic Course for Peace Officers would have been a reduction in their standards established.

Since 2011, the Council has significantly enhanced the Basic Course for Peace Officers minimum training standards to include contemporary law enforcement issues which has resulted in an increase from 99 hours to 162 hours. To that end, all probation officers will complete the Basic Course for Peace Officers as the required minimum standard of training. Pursuant to Criminal Procedure Law section 2.30 subdivision one, any employer specific training for probation officers will be conducted in addition to the training curriculum minimum standards for peace officers established by the Council.

OPCA is requesting a January 1, 2023 implementation date to require all basic probation officer training meet the minimum training standards of the Basic Course for Peace Officers. This implementation date will allow time for probation agencies to prepare for the delivery of the curriculum and train instructors in required specialized topics.

Motion:

Remove the exemptions from the Basic Course for Peace Officers and require probation officers, beginning January 1, 2023, to use the Basic Course for Peace Officers to train new probation officers.

All curriculum submitted for approval must contain the minimum topics and hours for these courses. Any employer specific training for probation officers will be conducted in addition to the training curriculum minimum standards for peace officers established by the Council.
The Office of Public Safety will present to the Council for review and approval a new section of learning in the Basic Course for Police Officers Part 4, section J – Defensive Tactics and Principles of Control and the MPTC Defensive Tactics Instructor Course. This new section of instruction is called Post Apprehension Responsibilities and Awareness Measures (PARAM). It will cover additional techniques for officers to utilize when it is necessary to further restrain an individual who is handcuffed but continues to be non-compliant or combative towards officers. The section furthers the conversations on various areas an officer should be aware of when dealing with a subject post apprehension.

The new techniques introduced will provide officers with options to restrain non-compliant or combative subjects who are handcuffed on their side, stomach up or seated. Which technique is utilized will depend on the circumstances of each individual situation. All the techniques can be utilized as a one officer control technique while also providing options for control if two officers are available.

PARAM was chosen with the following considerations in mind.

- **Post**: Refers to the immediate time frame after apprehension.

- **Apprehension**: The act of arresting, capturing, or seizing a subject to take them into custody or to detain said subject.

- **Responsibility**: The officer should be aware that they are responsible for the safety and condition of the apprehended person, nearby civilians and potentially other emergency services workers on scene.

- **Awareness**: It is important that throughout an encounter with a subject that the officer should maintain a high level of awareness to not just the subject, but the surrounding environment, additional subjects on scene or any other variety of areas. This can be the scene safety, the safety and medical conditions of all persons involved and any other issue that could arise or is in the process of arising.

- **Measures**: There are a variety of decisions and actions an officer can take during an incident. Some of these actions can be, but are not limited to, requesting medical to the scene, requesting backup units to the scene, moving an apprehended subject to a patrol vehicle or different location, or providing medical care or taking up a position of advantage to counter other non-compliant and combative actions.

**Basic Course for Police Officers**
The new learning objectives for Part 4, Section J – Defensive Tactics and Principles of Control of the Basic Course for Police Officers are as follows:

- Effectively demonstrate the recovery position restraint of a handcuffed subject.
- Effectively demonstrate the face up restraint of a handcuffed subject.
- Effectively demonstrate the seated restraint of a handcuffed subject.
- List the 5 definitions contained within the acronym PARAM.

**MPTC Defensive Tactics Instructor Course**
Section 9 – Teach Backs will be changed to section 10 and Section 9 will now be renamed *Post Apprehension Responsibilities and Awareness Measures*. The new section 9 will be 1.5 hours and consist of the follow learning objectives:

- Demonstrate through practical application a recovery position restraint of a handcuffed subject.
- Demonstrate through practical application a face up restraint of a handcuffed subject.
- Demonstrate through practical application a seated restraint of a handcuffed subject.
- List the 5 definitions contained within the acronym PARAM.

To ensure defensive tactics instructors are prepared to instruct this new material, all of the techniques have been filmed utilizing subject matter experts demonstrating and discussing key teaching points of the new techniques. If approved, these videos will be distributed to instructors statewide. Additionally, DCJS will include instruction on these new techniques during defensive tactics in-service booster trainings that are periodically offered statewide.

**Motion One:**

Approve the inclusion of the Post Apprehension Responsibilities and Awareness Measures learning objectives as the minimum standard of instruction for Part 4, Section J of the Basic Course for Police Officers or equivalent, Basic Course for Peace Officers, Campus Public Safety Officer Course, Specialized Police Investigator Course, and Basic Course for Correction Officers or equivalent for all courses beginning on or after September 1, 2022.

**Motion Two:**

Approve changing Teach Backs Section 9 to Section 10 of the MPTC Defensive Tactics Instructor Course. Approve for inclusion in the MPTC Defensive Tactics Instructor Course the new 1.5 hours Section 9 - Post Apprehension Responsibilities and Awareness Measures.
Action Item #4

Use of Force for Corrections Officers Online Training Program

The Office of Public Safety will present to the Council a one-hour Use of Force Online Training for correction officers who are defined by criminal procedural law section 2.10 subdivision 25. OPS will recommend to the Council to approve the course as the required annual Use of Force training in accordance with NYS Criminal Procedure Law (CPL), Article 2 §2.30(3) for all correction officers armed with a weapon (firearm, baton, aerosol subject restraint, CEW, etc.) in New York State.

The following learning objectives are covered during the one-hour online training:

Upon completion of the training, the student will be able to:

1. Recognize circumstances that justify the use of physical force and the use of deadly physical force by correction officers.
2. Describe the application of current case law that must be considered when judging the reasonableness of force.
3. Identify the relevant factors necessary to properly articulate a particular use of force.

Motion One:

Adopt the one-hour Use of Force for Correction Officers online training as a MPTC approved course. Effective January 1, 2023, all correction officers defined by criminal procedural law section 2.10 subdivision 25 must annually complete the training who are armed with a weapon in accordance with NYS Criminal Procedure Law (CPL), Article 2 §2.30(3).
Action Item #5

Specialized Investigator Police Basic Training Course

The Office of Public Safety (OPS) will present to the Council a recommended course of training for police investigators employed in the office of a district attorney as defined by subdivision thirty-four (g) of section 1.20 of the criminal procedure law (CPL).

In 1995, the Council approved the Specialized Investigator Police Training Course as a MPTC approved course open to all police investigators not required at the time by general municipal law (GML) § 209-q to complete an approved municipal police basic training program. The components of the course are derived from sections of the BCPO applicable to police investigators and currently consists of 393 hours of training.

The Professional Policing Act of 2021 has amended GML§209-q (2) by redefining a police officer according to CPL §1.20 (34). As a result, this now requires all police investigators employed in the office of a district attorney to complete an approved municipal police basic training program.

The Office of Public Safety proposes the Specialized Investigator Police Training Course as the minimum standard of training for police investigators in the office of a district attorney pursuant to the requirements of GML. The following is a list of topics and hours currently approved by the Council as the minimum training standard of instruction for the course.

Informational Item #1

Professional Policing Regulations Update

The Office of Legal Services will provide the Council an update on the status of the Professional Policing Regulations.
